## Nu Html Checker

This tool is an ongoing experiment in better HTML checking, and its behavior remains subject to change

Showing results for contents of text-input area

Checker Input

Show ☒ source ☐ outline ☐ image report [Options...](#)

Check by text input ☐ css

```
<!DOCTYPE html>
<html lang="en">

<head>

  <meta charset="utf-8">
  <meta name="viewport" content="width=device-width, initial-scale=1, shrink-to-fit=no">
  <meta name="description" content="This website is an e-commerce website for a business to have their online
presence, and the ability for immediate shopping. This online store has trainings in leadership, working environment,
IT, marketing and sales, maintenance and electronics and more.">
  <meta name="keywords" content="nercia, leadership training, IT courses, marketing and sales workshops, maintenance
skills, working environment programs, electronics training, shopping, online shopping, online shop, shopping online,
trainings available, content, duration, price, perks, grow, personality, group leader, team leader, coordinator,
```

[Check](#)

Use the Message Filtering button below to hide/show particular messages, and to see total counts of errors and warnings.

[Message Filtering](#)

1. **Error** Attribute `placeholder` not allowed on element `select` at this point.

[From line 540, column 29, to line 540, column 151](#)

```
<select name="country" placeholder="Country *" class="stripe-style-input lazyselect form-control"
required id="id_country"><op
```

Attributes for element `select`:

[Global attributes](#)

[autocomplete](#) — Hint for form autofill feature

[disabled](#) — Whether the form control is disabled

[form](#) — Associates the element with a [form](#) element

[multiple](#) — Whether to allow multiple values

[name](#) — Name of the element to use for [form submission](#) and in the [form.elements](#) API

[required](#) — Whether the control is required for [form submission](#)

[size](#) — Size of the control

Error!

The error is from the crispy form. I've tried a couple of different methods to solve the problem but neither one worked
